

No copays. No deductibles. No... Really.

Welcome to Curative: Built for the **Growing Austin Community**

In one of the country's most competitive job markets, Curative presents a new health plan that employees will love to use.

The Curative **Advantage**

- ▶ **Eliminating Financial Barriers to Care:**
Studies have shown that members faced with high deductibles delay care which ultimately increases the costs and allows their health to deteriorate.
- ▶ **Baseline Visit:**
The baseline visit combines onboarding to the Curative plan with a comprehensive visit to give you a 360 degree view of your health, establish your health goals and collaborate with your physician on how Curative can best support you in achieving them.
- ▶ **Disease Management:**
Programs designed to help the member become educated about their current health issues and live a more robust life.
- ▶ **Curative Commons:**
In addition to a high-quality network of providers, Curative plan members will receive exclusive access to Curative Commons, a one-stop shop for health and well-being resources, coming in 2023
- ▶ **Curative Pharmacy:**
The Curative Pharmacy can receive, fill, and deliver the member's prescription the same day.
- ▶ **Telehealth:**
Access to 24/7, 365 telehealth.

Quick Facts
